## FIRE IN A HIGH-CLASS LACE CURTAIN MILL GIVES AN UNHEARD OF BARGAIN OPPORTUNITY

### Curtain ends=Curtain corners=Half pairs=Pairs

Bargain hunters couldn't ask for a better or more interesting opportunity. Take the first lot, for instance—ends of curtains, which, if in pairs, would sell up to \$50 a pair. Choice, 39c. Majority have been damaged by fire or water. Yet the pieces are useful—the motifs may be taken off and used in many ways—for adorning pillow tops, home-made draperies, or even for trimming dresses. The same is true of the other lots—the laces are of such desirable quantities that the curtains will no doubt be sought for as eagerly for the lace motifs as for their usual uses.

#### Bonne femme curtains, \$2.98

Values up to \$15.00 each.  
Exquisite designs. All imported samples, intended for the mill's designers, from which they were to develop new patterns. 2½ yards long and 60 inches wide. Only one of a kind. Very slightly damaged.

#### Curtain ends, 39c each

Qualities which in pairs would sell up to \$50 a pair.  
All novelty Lace Curtain Ends, embracing an entire line of travelers' samples of Arabian French Bobinet Curtains, with genuine Russian renaisance, cluny, antique and medallion lace edges, insertings and motifs. Some absolutely perfect, but the majority more or less damaged by fire and water.

#### Panel curtain lengths, \$3.49

Values up to \$10.00 each.  
Lengths 2½ to 3 yards. Made from the finest quality French Bobinet; trimmed with honiton braid and real laces. Of some you can find two of a pattern. Small lot, and they'll go quickly.

#### Single curtain strips, \$1.69

Values up to \$20 a pair.  
A few early buyers will be able to pick out two or three strips of a pattern. Majority are single strips. Most of them are Marie Antoinette curtains, in white and ecru.

#### Handsome bed sets, \$4.98

Values up to \$10.00 a set.  
Ruffled bobinet pieces, with renaisance lace centers and others of Irish point, tambour lace and tambour muslins. All sets have the bolster pieces.

#### Door panels at 98c each

Values up to \$2.50.  
Practically all without damage of any kind. Variety of sizes. Irish point, in white and Arabian color, with renaisance centers. About 100 panels in the lot—good variety of patterns.

#### Fish and cable net, 19c yd.

Worth 80c yard.  
At the one price, choice of 36 and 45 inch net. Mostly in patterns of stained glass effects, but including many all-over floral and striped styles. No limit to quantity while lot lasts.

## They're taking the city by storm—our \$1 shantungs at 55c a yd.

We knew they were splendid silks at the price, but it is a great satisfaction to have our judgment upheld, as it has been by the general indorsement of the women of Washington, who have bought so many yards of this silk.  
It is 27 inches wide, and in the following colors:

TAN...NATURAL...GRAY...SILVER...SMOKE...OLD  
ROSE...WISTARIA...CADET...COPENHAGEN...RESEDA...  
BLACK...LILAC...MYRTLE...MULBERRY...NAVY.

In a semi-rough finish; very durable, and only 55c a yard in this sale.

First Floor—Silk Dept.

## Big values in tailored suits at \$12.75

Worth \$18.00 and \$24.75

The sales of the week have caused more broken lines and odd sizes in higher priced lots, and these we have put into the lot at \$12.75, making it very interesting for tomorrow's purchasers. You will find here some handsome panamas, wide-wale serges, diagonals; also some fancy striped worsteds.  
The coats are mostly semi-fitting, 36 inches long, and finished with buttons and pockets. A number of them have collars of either bengaline silk or satin. All coats are nicely lined, and the colors are all the wanted ones of the season, such as reseda, wistaria, navy blue, royal blue, old rose, green, black, dark green, tobacco brown, alicia blue and many striped effects. Some worth less than \$18.00, and some models have sold as high as \$24.75. Choice at \$12.75 tomorrow.  
Suits—Second Floor.

Those for women have the new hard-wood handles in directorio effect. Those for men have handles of boxwood, and are very strong. All umbrellas in this lot have paragon frames. Not one ever sold for less than \$1.50, most all \$2.50. Yet choice tomorrow at 98c.

## BACKED BY PRESIDENT TAFT SITE FOR AGED MEN'S HOME

FOREST AND CONSERVATION POLICIES HAVE HIS SUPPORT.

Gifford Pinchot Defines Administration's Attitude in Regard to Boundaries of National Forests.

LAND ON 14TH STREET NEAR GALLATIN BOUGHT.

Buildings Costing \$100,000 to Be Erected—Executing the Will of Henry Dickson of Georgetown.

President Taft's entire sympathy with the forest and conservation policies is announced, and stories that vast areas are to be taken away from the national forests are denied in a statement regarding the administration's attitude issued today by Gifford Pinchot. Mr. Pinchot says that charges that the forests contain great areas of agricultural land are baseless, and that any agricultural land whatever found along the boundaries of forests will be restored to entry. Mr. Pinchot's statement follows:  
"Any statement that President Taft is not in sympathy with forestry and the conservation movement is without foundation. On the contrary, I am authorized by the President to say that he is in entire sympathy with the forest policy and the conservation policy already developed and stands behind them.  
"I am also authorized by the President to deny categorically the story that great areas are to be thrown out of the national forests by presidential proclamation. The only possible basis for such a rumor that I have been able to discover lies in certain plans adopted by the forest service months ago. These plans were in accord with the policy long recognized and established. Indeed, this is already provided for in the act of June 11, 1906. The forest service undertook the mapping of the national forests and the determination of their boundaries in the regular line of its work and in pursuance of general plans laid years ago.  
"I have been greatly interested, but not at all surprised by the persistent circulation of these rumors. President Taft's statement to me, coupled with his consulting Mr. Tittman, should set them at rest once and for all. The present administration is in the fullest sympathy with forestry and the conservation of the land. It is already provided for in the act of June 11, 1906. The forest service undertook the mapping of the national forests and the determination of their boundaries in the regular line of its work and in pursuance of general plans laid years ago.

### Charges Declared Baseless.

Repeated charges, well known to be baseless by those actually acquainted with the situation on the ground, have been made that the national forests contain vast areas of agricultural land. Whatever agricultural lands may be found along the boundaries will be restored to entry, for one of the strongest desires of the forest and in the past has been that any agricultural lands which may have been included in national forests should be open to use for agricultural purposes. Indeed, this is already provided for in the act of June 11, 1906. The forest service undertook the mapping of the national forests and the determination of their boundaries in the regular line of its work and in pursuance of general plans laid years ago.

### MARKING BOUNDARY LINE.

#### United States and Canadian Officials to Begin Work This Summer.

In the coming summer the remarkable and surveying of the international boundary line between the United States and Canada will be started by O. H. Tittman of the United States geodetic survey and Dr. W. P. King, astronomer of the Dominion of Canada. These men have been appointed by their governments to begin the work, and Dr. King is in this city consulting Mr. Tittman regarding a division of the labor.  
The remarking of the entire line, with the exception of the portion in the St. Lawrence and through the great lakes, comes within the jurisdiction of the commissioners. That portion is controlled by the international waterway commission. Reference monuments will be placed at intervals along the line.  
Mr. Tittman and Dr. King also have in hand the staking of the line between Alaska and Canada, from Alaska's southernmost point to the Arctic ocean. They have been engaged on this work for several years, and express the hope that it will be finished in the near future.

### BARNETTE'S FUNERAL.

#### Services Tomorrow Afternoon to Precede Burial at Arlington.

Funeral services over the remains of Rear Admiral W. J. Barnette, U.S.N., retired, who died in this city Monday, will take place at 3:30 o'clock tomorrow afternoon at St. John's Episcopal Church. An escort consisting of four companies of marines, one company of bluejackets and the band from the U.S.S. Dolphin will accompany the body to Arlington cemetery. The honorary pallbearers will be Rear Admirals R. R. Ingersoll, R. P. Rodgers, T. C. McLean, W. S. Cowles and J. E. Fillee.

### BANQUET TO BANK EMPLOYEES.

#### Testimonial of Directors of the Merchants and Mechanics.

A banquet of about fifty covers at which the employees of the Merchants and Mechanics' Savings Bank were the guests of the board of directors and of the officers of the bank, was held at the Ritz Hotel last evening. In the absence of Eldridge E. Jordan, president of the institution, who is confined to his home by illness, Charles W. Darr, a director and attorney for the bank, acted as toastmaster.  
Among those who responded to toasts were M. G. McCormick, vice president of the bank; J. L. Peyer, second vice president; J. Fendall Cain, cashier; James Strayer, Anthony Gaegler, J. D. Howard, Emanuel Speich and Owen Owen. Others present included J. H. Owen, Thompson, William C. Worthington, Irvin Owing, Emmet L. Adams, Bert T. Amos, Henry P. Blair, R. E. Burke, A. D. Carpenter, Samuel D. Cole, R. A. Dore, C. H. Fred, William C. Gordon, Thomas P. Hickman, George R. Linkins, P. J. Neel, Owen Owen, Lester B. Platt, A. D. Prince, P. J. Smith, J. H. Walker, C. M. Wolf, O. B. Zantinger, R. G. Offutt, G. Le Roy Livingston, Charles N. Fisher, Julian F. Barnes, C. J. Parkinson, Alec J. Fink, John H. Balz, M. J. Bailey, John E. Benton, Robert Pierce and R. E. Briggs.

### ON THE LIBERIAN COMMISSION.

#### Appointment of Roland Post Falkner Announced.

Roland Post Falkner has been tendered an appointment on the Liberian commission, to take the place of Mr. Shuster, who recently declined. Mr. Falkner is forty-three years of age, and has occupied many positions in public life. He was statistician for the Senate committee on finance in 1891; secretary to the United States delegation to the international monetary conference and secretary of the conference in 1892; chief of the division of documents, Library of Congress, from 1890 to 1901; commissioner of education of Porto Rico from 1904 to 1908. Mr. Falkner is at present superintendent of agents in the field in charge of the investigation of immigrants and immigrant children in schools. The Liberian commission will sail from New York Saturday on the scout cruisers Chester, Salem and Birmingham, and will proceed direct to Monrovia.
